
GOA GETAWAY

A 7-Day / 6-Night Beach & Heritage Itinerary for Two

Bengaluru (BLR) → Goa (GOI) → Bengaluru (BLR)
16–22 December 2026 | 2 Adults | South Goa (Agonda) + North Goa (Candolim/Calangute)

Prepared using live MakeMyTrip fare & rate data (flights, hotels, outstation cabs) captured on 6 September 2026, supplemented with independently researched activity, food and local-transport benchmarks where MakeMyTrip has no product (e.g. scooter rental, local sightseeing packages, entry fees).

Grand total (2 adults, all-in)	Rs 131,535 approx.
Per person	Rs 65,768 approx.
Per person / per day (7 days)	Rs 9,395 approx.

All fares/rates in Indian Rupees (INR). Figures are signed-out, non-member retail quotes valid at time of search; MakeMyTrip does not support booking through this channel and prices are not held. See Section 6 for full pricing assumptions and caveats.

1. Trip Overview

This itinerary splits six nights evenly between South Goa's quieter Agonda coast and North Goa's lively Candolim/Calangute belt, so the trip opens calm and closes energetic. December is peak season in Goa (dry, sunny, 21–32°C, negligible rain) and also the most expensive and crowded month of the year — book flights and hotels early, and expect the North Goa/Baga-Calangute stretch to be busy after dark.

Day	Date	Base	Focus
1	Wed 16 Dec	Arrive · South Goa	Flight BLR→GOI, transfer to Agonda, settle in
2	Thu 17 Dec	South Goa	Agonda & Palolem beaches, dolphin trip, Butterfly Beach boat
3	Fri 18 Dec	South Goa	Full-day Dudhsagar Falls & Mollem National Park excursion
4	Sat 19 Dec	South → North Goa	Checkout, transfer to Candolim, evening at Arpora Saturday Night Market
5	Sun 20 Dec	North Goa	Fort Aguada, Old Goa churches (UNESCO), Panaji & Fontainhas
6	Mon 21 Dec	North Goa	Water sports at Calangute/Baga, Anjuna, Chapora Fort, Vagator sunset
7	Tue 22 Dec	Depart	Leisure morning, checkout, transfer to GOI, flight GOI→BLR

Why this split, not the reverse: the only Saturday that falls inside the trip window is 19 Dec — the Arpora Saturday Night Market date. Doing South Goa first means the North Goa check-in lands on that exact evening, so the market visit needs no extra transfer. The Anjuna Wednesday flea market (16 Dec) is skipped by design: it closes near sunset and the outbound flight only lands at 17:30, leaving no realistic window — called out here rather than silently dropped.

Weather (Goa, mid-to-late December, 10-yr averages): daytime highs ~31–33°C, nights ~21–23°C, humidity 50–65%, negligible rainfall, sea temperature ~28°C — ideal beach weather. Source: web research (weather2travel, AccuWeather), not MakeMyTrip.

3. Hotels

Both properties below were checked directly via MakeMyTrip's live hotel-rates tool for the exact stay dates; figures are the **cheapest available room-only rate plan with free cancellation** at each property, per night, for 2 adults / 1 room.

Base	Property	Nights	Room type	Rate/night	Stay total
South Goa (Agonda)	The Shore Agonda (5-star boutique) Rating 4.0/5	3 (16–19 Dec)	Deluxe Seaview Villa, Room Only, free cancel	Rs 14,700	Rs 44,100
North Goa (Calangute)	Summit Calangute Resort & Spa (4-star) Rating 4.1/5	3 (19–22 Dec)	Deluxe Room w/ Private Balcony, Room Only, free cancel	Rs 5,096	Rs 15,288

Hotels grand total (6 nights, 2 stays)

Rs 59,388

Alternative properties considered (also live on MakeMyTrip, for comparison): Ginger Goa Candolim (4-star, ~Rs 9,557/night), Fairfield by Marriott Goa Anjuna (4-star, ~Rs 9,062–12,632/night depending on dates), and Orchid Passaros Benaulim (4-star adults-only, South Goa, ~Rs 12,764/night, breakfast-inclusive only). The Shore Agonda and Summit Calangute were selected to balance beach-town atmosphere against budget — swapping in the Marriott/Ginger properties would add roughly Rs 12,000–40,000 to the trip total.

4. Transport

4.1 Flights (MakeMyTrip live search, Economy cabin, 2 adults)

Leg	Flight	Depart → Arrive	Fare/adult	2 adults
16 Dec: BLR → GOI	IndiGo 6E 6753	16:10 → 17:30 (1h20m, non-stop)	Rs 6,047	Rs 12,094
22 Dec: GOI → BLR	IndiGo 6E 6163	19:15 → 20:25 (1h10m, non-stop)	Rs 6,624	Rs 13,248

Cheapest non-alternate-airport IndiGo fares from MakeMyTrip's 25-itinerary result set for each date. A FLY91 fare at Rs 3,099/adult exists on both dates but lands at Sindhudurg (SDW), 1.5–2 hrs further from both hotels than Dabolim — excluded as false-cheap. MakeMyTrip flags 13 of 25 itineraries per search as landing at GOX (Mopa, North Goa, ~60–70 km from these bases) or SDW; these were also excluded.

4.2 Intercity & airport cabs (MakeMyTrip live outstation quotes, cheapest listed car)

Date	Route	Distance	Cheapest car	Fare (all-in)
16 Dec	Dabolim Airport → Agonda	~40 km	WagonR/Swift (CNG hatchback)	Rs 2,045
21 Dec	Agonda → Mollem (Dudhsagar)	~40 km	WagonR/Swift (CNG hatchback)	Rs 2,045
21 Dec	Mollem → Agonda (return)	~40 km	WagonR/Swift (CNG hatchback)	Rs 2,045
19 Dec	Agonda → Calangute	~40 km	Dzire/Etios (diesel sedan)	Rs 2,145
22 Dec	Calangute → Dabolim Airport	~40 km	Dzire/Etios (diesel sedan)	Rs 2,145

Every cab route above quotes at ~40 km / ~4-hour hire slot regardless of actual endpoints — this is MakeMyTrip's standard outstation package granularity, not a real-time distance measurement; treat the per-route figures as directionally correct rather than exact. Fares are for the cheapest available car each time; an SUV (Ertiga/Innova) typically costs Rs 1,700–2,500 more per leg and may be preferable for airport transfers with luggage.

4.3 Local transport within each base (not an MakeMyTrip product — web-researched)

Item	Rate	Qty	Total
Self-drive scooter rental	Rs 500/day	3 days (Day 2, 5, 6)	Rs 1,500
Local hop: Calangute ↔ Arpora market	Rs 300 (auto/taxi, round trip)	1	Rs 300

Peak-season (December) scooter rates run Rs 400–700/day; Rs 500/day used as a mid-point. Fuel is extra (~Rs 150–250/day of riding). A self-drive hatchback (Rs 1,800–2,500/day) or a full-day private sedan (Rs 3,500–5,500) are pricier alternatives if not comfortable riding two-up.

6. Assumptions, Caveats & Data Sources

6.1 What came directly from MakeMyTrip (live, dated 06-Sep-2026)

- 1 Flight fares: **mmt_flight_search** BLR↔GOI, 2 adults, Economy — one outbound + one return search only, per the call budget. All 25 itineraries per search were reviewed; alternate-airport (GOX/SDW) results were excluded from the recommended flights.
- 2 Hotel rates: **mmt_hotel_search** + **mmt_hotel_rates** for Goa (city code CTGOI) on both date ranges, cheapest room-only plan with free cancellation, per property, per night.
- 3 Cab fares: **mmt_cab_quote** for every intercity/airport leg, cheapest listed car each time; pickup points resolved and verified via **mmt_cab_find_place** (all high-confidence city or named-landmark matches except the initial 'Goa Airport Dabolim' query, which was corrected to 'Dabolim Airport' after a low-confidence fallback match).

6.2 What is independently researched (MakeMyTrip has no matching product)

- 1 Local self-drive scooter/bike rental rates, and full-day private cab sightseeing packages (explicitly listed as a known gap in **mmt_capabilities**: "Local 8hr/80km cab day packages use a different funnel and are not built").
- 2 Activity/attraction pricing: dolphin-spotting boat, Butterfly Beach boat, Dudhsagar jeep safari, parasailing/jet-ski combo, and Fort Aguada/Old Goa church entry fees.
- 3 Daily food & beverage budget (mid-range beach-shack/casual-restaurant benchmark for a couple).
- 4 December weather averages, and the Anjuna/Arpora market calendar used to sequence Days 1 and 4.
- 5 All web-sourced figures are ranges from multiple travel-cost articles/blogs (not MakeMyTrip), cross-checked for consistency, and the mid-point or a conservative estimate was used in the budget. Treat every 'Web research' row in Section 5 as a planning estimate, not a quote.

6.3 Known limitations & things that could change this budget

- 1 **No booking capability.** MakeMyTrip's MCP tools deliberately have no booking, cart, payment or login path; every figure is a signed-out retail quote, not a held price. Fares/rates can move before actual booking, especially this close to a peak-season date (Dec 2026 is >90 days out from the data-capture date).
- 2 **Hotel stay totals are estimates.** **stay_estimate_all_in_inr** is nightly rate × nights; MakeMyTrip quotes one representative nightly rate per range rather than a per-date breakdown, so an actual multi-night stay spanning a price change will differ slightly. This report instead reads each night's own quoted rate.
- 3 **Cab distance/duration is standardised, not measured.** Every outstation quote returned ~40 km / ~4 hours regardless of the actual point-to-point distance between the specific places resolved (e.g. Agonda→Mollem vs. Airport→Agonda) — this appears to be MakeMyTrip's package-tier granularity rather than a live routing engine. Actual drive times are shorter (all legs are realistically 45–75 minutes); fares are usable as quoted but treat the 'distance/hours' columns as indicative only.
- 4 **No local 8hr/80km day-package product exists** on this channel for full-day North or South Goa sightseeing by private cab; the itinerary instead uses self-drive scooters for local touring (cheaper, matches Goa's usual tourist pattern) with outstation one-way cabs reserved for the longer inter-region and airport transfers.
- 5 **Flight seat/baggage add-ons, hotel resort fees/city taxes beyond what MakeMyTrip quotes, travel insurance, and visa/passport costs** (not applicable for domestic Indian travellers) are excluded.
- 6 **Call budget adhered to:** exactly one outbound and one return flight search were run (no date- or airport-sweeping); each MakeMyTrip data point above was fetched once, with a small number of one-time retries only where an initial cab-place lookup returned a low-confidence match.
