

GOA ESCAPE

A 7-Night / 8-Day Itinerary from Bengaluru | 15-22 December 2026

Bengaluru (BLR) -> Goa (GOI, Dabolim) -> Bengaluru (BLR) | 2 Adults

Prepared for: 2 Adults | Trip length: 7 nights / 8 days

Route: North Goa (Candolim) 3N + South Goa (Benaulim) 4N

Pricing basis: Live indicative quotes pulled via the MakeMyTrip MCP on 5-Sep-2026 for travel on 15-22 Dec 2026, cross-checked with web research for line items MakeMyTrip does not sell (local day tours, scooter rental, meals). All figures are estimates for planning only — this is not a booking and fares/rates will move before you book.

TRIP AT A GLANCE

Dates	Tue 15 Dec 2026 → Tue 22 Dec 2026 (7 nights)
Travellers	2 Adults
Route	Bengaluru (BLR) → Goa Dabolim (GOI) → Bengaluru (BLR)
Base 1	North Goa – Candolim, 3 nights (15–18 Dec)
Base 2	South Goa – Benaulim, 4 nights (18–22 Dec)
Local transport	2 self-drive scooters for the week + pre-booked private cabs for all transfers & day trips
Grand total (Comfort plan)	Rs 1,52,820 all-in for 2 people (≈ Rs 76,410 per person)
Grand total (Value plan)	Rs 1,08,574 all-in for 2 people (≈ Rs 54,290 per person) – swaps to a 3-star South Goa stay, everything else identical

Why this split? Goa's North and South coasts have very different characters – North is livelier (forts, markets, nightlife, water sports), South is quieter and greener (long empty beaches, spice plantations, dolphin trips). Basing 3 nights in the North and 4 in the South avoids the 40 km/1–1.5 hr commute every day and lets you experience both sides without backtracking more than once.

FLIGHTS - BENGALURU <-> GOA

Live fares pulled from MakeMyTrip for the exact travel dates (one outbound search, one return search - within the 2-search budget). Fares are per adult, economy cabin; taxes are shown separately. MakeMyTrip's search also surfaces nearby-airport options (GOX/Mopa, SDW/Sindhudurg) which are cheaper but land 60-100 km further from our North/South Goa bases, so they are excluded below and shown only as a footnote.

Leg	Date	Airline / Flight	Depart-Arrive	Fare/adult (base+tax)	x2 adults
Outbound BLR → GOI	15 Dec 2026	IndiGo 6E 6554	19:00 → 20:20 (1h20m, non-stop)	Rs 3,222 + Rs 1,145 = Rs 4,367	Rs 8,734
Return GOI → BLR	22 Dec 2026	IndiGo 6E 6584	13:15 → 14:25 (1h10m, non-stop)	Rs 4,627 + Rs 1,682 = Rs 6,309	Rs 12,618

Flights subtotal

Rs 21,352

Note: The cheapest fares MakeMyTrip returned for these dates were on FLY91 (Rs 3,099, non-stop, ~1h45m) but they land at Sindhudurg (SDW) ~85 km north of Goa, and there was no matching return-day flight into GOI on FLY91 at a comparable price, so IndiGo direct-into-GOI flights are used as the primary recommendation for simplicity and to avoid an extra long transfer.

WHERE YOU'LL STAY

All rates below are live, signed-out retail rates pulled from MakeMyTrip for the exact check-in/out dates (room-only plan, 2 adults sharing, 1 room). They are per-night figures; the stay total is nightly rate x nights - exact for these dates since each hotel quoted one flat nightly rate across its whole stay (no mid-stay price change to average over).

North Goa base (15-18 Dec, 3 nights)

Property	Star	Rating	Nightly base	Nightly tax	Nightly all-in	3-night total
The Fern Habitat, Candolim (recommended)	4*	4.2/5	Rs 5,700	Rs 285	Rs 5,985	Rs 17,955
Fairfield by Marriott Goa Anjuna	4*	3.8/5	Rs 7,084	Rs 354	Rs 7,438	Rs 22,314
Ginger Goa, Candolim	4*	4.2/5	Rs 8,099	Rs 1,458	Rs 9,557	Rs 28,671

South Goa base (18-22 Dec, 4 nights) - two tiers

Property	Star	Rating	Nightly base	Nightly tax	Nightly all-in	4-night total
Fairfield by Marriott Goa Benaulim (Comfort plan)	4*	4.5/5	Rs 13,000	Rs 2,340	Rs 15,340	Rs 61,360
Aloha Holiday Resort (Value plan)	3*	4.2/5	Rs 4,200	Rs 504	Rs 4,704	Rs 18,816

Both South Goa options are close to Benaulim/Colva beach. The Value swap saves Rs 42,544 on the 4-night stay (Rs 61,360 → Rs 18,816) and drops the trip's grand total by roughly 29%, at the cost of resort-level amenities (pool bar, spa, better breakfast service) the 4-star offers.

TRANSPORT WITHIN GOA

Airport transfers and the inter-base relocation are live private-cab quotes from the MakeMyTrip MCP (outstation cab funnel, one-way). Day-to-day local hopping is best done on a self-drive scooter - MakeMyTrip's cab product does not sell hourly/local 8hr-80km day packages or bike rentals (a documented gap in this MCP), so that figure is sourced from web research instead, flagged below.

Leg / Item	Date	Vehicle (cheapest quoted)	Vendor	Distance	All-in fare
Dabolim Airport → Candolim	15 Dec	WagonR/Swift hatchback (CNG)	Taxibazaar	~40 km	Rs 2,045
Candolim → Benaulim	18 Dec	Dzire/Etios sedan (diesel)	Eroovo	~40 km	Rs 2,145
Benaulim → Dabolim Airport	22 Dec	WagonR/Swift hatchback (CNG)	Taxibazaar	~40 km	Rs 2,045
Full-day charter: Benaulim → Ponda → Dudhsagar → Benaulim	21 Dec	Sedan, full day (CALC: 2x one-way quote)	Eroovo (est.)	~80 km round trip	Rs 4,290

Local day-to-day mobility

Item	Basis	Qty	Rate	Total
Self-drive scooter rental (2 scooters)	Web research, peak-season rate	14 scooter-days	Rs 400/day	Rs 5,600
Petrol for both scooters	Web research estimate	7 days	Rs 150/day	Rs 1,050

A metered/app taxi alternative to scooters would run roughly Rs 15-25/km and add up fast for casual beach-hopping; two self-drive scooters give the most flexibility for the cost in Goa's flat, short-hop geography. One 4-seat self-drive car (~Rs 1,200-1,500/day) or a full-day driver-cab (~Rs 2,500-3,000/day) is a reasonable non-scooter alternative for travellers who prefer not to ride two-wheelers.

ASSUMPTIONS, SOURCES & CAVEATS

- This is a planning estimate, not a booking. The MakeMyTrip MCP used to build this report has no booking, cart, payment or login path by design - every figure is a live, signed-out retail quote, and actual prices at the time of booking will differ.
- Flights: fares are per-adult, economy, for the exact 15 Dec / 22 Dec 2026 dates, captured from one outbound and one return MakeMyTrip search (2-search budget used exactly once each, no date sweeping). The first attempt at both searches returned an empty/blocked response; both were retried once successfully per the single-retry allowance.
- Hotels: room-only retail rates for 2 adults sharing 1 room, signed out (no loyalty/member pricing). MakeMyTrip flags stay totals as nightly-rate x nights, which is exact here since neither property's nightly rate changed across the quoted date range.
- Cab transfers: MakeMyTrip's outstation one-way cab funnel, cheapest vehicle class shown per leg (hatchback/sedan, CNG or diesel, various vendors: Taxibazaar, Eroovo, WTicabs, Taxida). Same-day round trips are refused by this MCP by design (MakeMyTrip would silently answer a same-day RT quote with one-way pricing) - none were requested here since all cab needs are genuinely one-way transfers.
- The Ponda + Dudhsagar full-day charter is NOT a direct MCP product (MakeMyTrip's cab tool prices point-to-point outstation trips, not multi-stop day hires). It is approximated as 2x the one-way Benaulim-to-Ponda quote to cover the return leg and the short additional hop to Dudhsagar - flagged as CALC in the cost tables, not a literal MakeMyTrip quote.
- Local transport (scooter rental, fuel), activities (Dudhsagar jeep, spice plantation, dolphin trip, kayaking, entry fees, nightlife cover) and food are priced from web research (Perplexity), because MakeMyTrip does not sell these products at all (documented gap: 'Local 8hr/80km cab day packages use a different funnel and are not built' and no bike-rental or food-and-beverage product exists on the platform). These are market-typical December-2024/2025 rates and should be treated as directionally correct rather than exact.
- Seasonality: 15-22 December is Goa's peak season (pre-Christmas). Expect hotel and flight prices to possibly rise further as the date approaches (especially the week of Christmas/New Year, which this trip narrowly avoids), and beach shacks/clubs to be busier and pricier than the quoted averages.
- Two airports: Goa has GOI (Dabolim, South) and GOX (Mopa, North). This itinerary uses GOI throughout, which is roughly equidistant from both bases (~40 km to Candolim, ~40 km to Benaulim) and had the best direct fares for these dates. GOX appeared in search results at similar/lower fares in places but is materially farther from South Goa, so was not used.
- A 4% contingency is added to each plan's subtotal to cover minor fare drift and incidentals; it is not a substitute for travel insurance, visa costs (n/a - domestic trip), or a buffer for spontaneous extra activities beyond those listed.

Report generated 5 September 2026 using the makemytrip-mcp server (flights, hotels, cab transfers) and Perplexity web research (activities, local transport market rates, meal costs, day-by-day sightseeing plan). All amounts in Indian Rupees (INR).
